

Refund & Cancellation Policy

This product is not Refundable LeadCon is a 'pay per user' product the licenses can be bought only in for a year and a renewal will happen every year. To test/try the LeadCon system, users can use the demo license key which is readily available on the apps and can access the platform using the credentials of the demo key.

Users can use the demo key indefinitely unless they are completely satisfied. But once they decide to buy the license, Ramanora Global will only activate the licenses against payment.

Once the user licenses are delivered and are logged in from the customers devices, the licenses are sealed for one year and the customer can choose to renew it directly next year at the time of renewal. None of the licenses/payments received will be returned under any circumstances.

LeadCon support team will be available over Email at support@leadcon.co and over phone call at +919922181113.

Ramanora Global has the complete right to change any elements in the Terms, Conditions and Privacy Policy document to make it suit best with the changing requirements of the customers and the industry.

In case of any queries related to the platform or the apps, Please send us an email to support@leadcon.co

LeadCon is a Sales Companion where reducing the work in sales follow-up is at the core of its concept and making it easy for the users through the process is for which LeadCon is built.

Looking forward to serve you with the innovations that help.
